Membership for your students and current accounting classes is also available at a rate of **US\$20 for students**. University rates for group faculty are also available starting at US\$150.

The mission of the IAAER is to promote excellence in accounting education and research on a worldwide basis and to maximize the contribution of accounting academics to the development and maintenance of high quality, globally recognized standards of accounting practice. IAAER draws support from academics, accounting and finance institutions, students, and universities world wide. This support enables IAAER to co-host conferences with other similarly oriented associations which fosters global networking among peers and colleagues.
