

Early bird registration and call for papers
IAAER Amsterdam Conference
19, 20 and 21 June 2012

Dear Sir, Madam,

The VU University Amsterdam, The Netherlands Institute of Chartered Accountants (NBA) and the International Association for Accounting Education and Research (IAAER) are jointly organising an International Conference titled '**Mastering Change, Improving corporate reporting and auditing to match new demands**' to be held in Amsterdam (Netherlands) on 19-21 June 2012.

The event aims to bring together communities in the accounting arena - academics, policy makers, professionals and institutions – to exchange views in a collective and public environment.

The Conference rationale and **call for papers** is explained more at length on the conference website: www.iaaer-amsterdam.com. The conference provides two opportunities to contribute:

1. Submitting **full papers** that will be presented and discussed in parallel sessions.
2. Submitting **research proposals** or **research papers in development** that will be presented and discussed in an interactive session with experienced faculty. PhD-students are especially invited to submit.

On the conference website you will also find an updated version of the programme, which will include plenary and parallel sessions and symposia. International top academics, international and accounting institutions, audit firms and bodies will discuss some of the most important trends in accounting and auditing.

We invite you to [submit a paper](#) before **15 March 2012**. A notification of acceptance will be given on or before 15 April 2012.

We also invite you [to register](#) (**early bird registration fee available until 27 April 2012**).

Registration is possible without submitting a paper. We hope you will participate in what promises to be a stimulating intellectual venture and we very much look forward to seeing you in Amsterdam.

Yours Sincerely,

Organising Committee IAAER Amsterdam Conference:
Tom Groot, VU University Amsterdam
Martin Hoogendoorn, Ernst & Young
Paul Hurks, NBA
Frans van der Wel, VU University Amsterdam
