IAAER Announces Appointment of SAC Consult Committee

The mission of the IAAER is to promote excellence in accounting education and research on a worldwide basis and to maximize the contribution of accounting academics to the development and maintenance of high quality, globally recognized standards of accounting practice. When the International Accounting Standards Committee Foundation re-formed the Standards Advisory Council (SAC) of the International Accounting Standards Board (IASB) in 2008, IAAER was assigned a seat on the SAC. The SAC serves an advisory role to the IASB giving input on the IASB's agenda and current issues in financial reporting. SAC representatives are asked to collect, synthesize, and communicate the ideas and concerns of their underlying organizations to the IASB during SAC meetings that are held at least three times a year. To provide a more formal process by which IAAER institutional members can express their views on international accounting standard setting, IAAER has established a SAC Consult Committee.

SAC Consult Committee members are responsible for communicating the ideas and concerns of their organizations to the IAAER SAC representative (Hollis A. Skaife) who will forward comments on to the IASB as appropriate during SAC meetings. IAAER SAC Consult Committee members serve a renewable one year term not to exceed five years.
